History of the Symposium

The San Francisco Cornea, Cataract, and Refractive Surgery Symposium - founded in 2001 - is dedicated to advancing the professions of optometry and ophthalmology through exchange of clinical and scientific knowledge and skills. The Symposium was one of the first educational events in the United States to introduce a collaborative approach to patient care by optometrists and ophthalmologists.

Over the years, more than 100 nationally renowned specialists have taught at the Symposium, including department chairs and faculty in academic centers, leaders of large practices throughout the country, scientists at major pharmaceutical and technology companies, and individuals at the forefront of business communities. The Symposium has been profiled in major optometric and ophthalmic publications, including Primary Care Optometry News and Ocular Surgery News.

Comments from past Symposium attendees...

I wanted to give feedback regarding the CE event. It was extraordinary in terms of diversity of topics/speakers, location/food/environment, and the great service from staff. I hope to attend the next annual event.

-- Dr. Eileen Kim, San Jose

Thank you everyone for a first class CE event which was very enjoyable as well as informative. Much appreciated.

-- Dr. Stephen Woo, San Francisco

I want to thank all the staff for putting on the symposium, and for putting it on a Sunday! I have wanted to attend for years, but I work on Saturdays. I found the lectures very informative. I also made some connections with some of the vendors and some of the other attendees. Thank you again for the work that went into putting this together.

-- Dr. Sharon Freeman, Corte Madera

It was one of the best symposiums I've been to, please invite me next year!

-- Dr. Judy Tran, Milpitas

It was by far one of the best CEs I have attended in a long time. Many thanks to the team for putting on a wonderful event.

-- Dr. Afsaneh Mahajerani, San Jose

All of us from Stamper Optometry enjoyed the Symposium.

-- Dr. Bruce Stamper, San Francisco

It was such a wonderful symposium and I enjoyed every moment of it. Is it possible to be placed on your invite list for your next symposium?

-- Dr. Victoria Feng, Millbrae

Thanks you for an awesome program! It was super well organized and the speakers were great.

-- Dr. Gagan Khela, Oakland

Thank you for hosting such an awesome symposium. I had a great time and learned a lot.

-- Dr. Tiffany Leung, San Francisco

Thank you so much. I enjoyed and learned so much! Thank you thank you!

-- Dr. Theresa Nguyen, Pleasanton

Very helpful and enjoyable! The food and venue were great!

-- Dr. Eileen Chan, San Francisco
